Attn: Reserve Disposition Unit

In compliance with letter, your Headquarters, regarding my retention in an active status in the Army Reserve, it is requested that the following indicated action be taken:

Transfer to the inactive status list of the Standby Reserve. I presently hold primary MOS: _____.

Transfer to the inactive status list of the Standby Reserve upon recommendation of a Board of Officers.

Transfer to Retired Reserve under paragraph _____, AR 140-160.

Request that I be granted a waiver of the requirement for accruing the required retirement points during my last retirement year. The following condition(s) of hardship prevented my active participation in Reserve activities during that period. If waiver is granted, I will be able and willing to actively participate in Reserve activities in order to maintain an active status:

For the past three years since my separation from active duty my work has prevented my attending the necessary meetings.

Last spring I requested and received a transfer of MOS from 6301 to 6101 per Special Order 90, your Headquarters, 9 May 1955. I expected to be notified which meetings that I was supposed to attend, I never received such notification. However, I would like to become active in this military Government unit due to my work as a Certified Public Accountant. I may not be able to attend meetings regularly until after March. However, after that I would be happy to attend regularly.

FOR THE EXECUTION OF THE OATH OF OFFICE

1. Whenever any person is elected or appointed to an office of honor or trust under the Government of the United States, he is required before entering upon the duties of his office, to take and subscribe the oath prescribed by section 1757, Revised Statutes.
2. Public Law 746, 77th Congress (sec. 1, Bul. 52, W. D., 1942), eliminates the necessity of executing oath on promotion of officers.
3. Oaths of office of Army officers, officers of Women's Army Corps, nurses, warrant officers, flight officers, dietitians, and physical therapy aides should be taken before some civil officer who is authorized by the laws of the United States or by the local municipal law to administer oaths, or before an officer of any component of the Army of the United States on active duty in Federal service commissioned in or assigned or detailed to duty with the Judge Advocate General's Department, a staff judge advocate or acting staff judge advocate, the president of a general or special court martial, a summary court martial, the trial judge advocate, or any assistant trial judge advocate of a general or special court martial, the president or the recorder of a court of inquiry or of a military board, any officer designated to take a deposition, any officer detailed to conduct an investigation, or the adjutant, assistant adjutant (including a warrant officer when so serving), or personnel adjutant of a command. Officers of the Army other than those specified are not authorized by law to administer such oaths.
4. If the oath is administered by an Army officer, his authority to administer oaths under the preceding paragraph must be shown. If administered by a civil official, the oath must bear the official seal of the person administering the oath, or if he does not use a seal, his official capacity to administer oaths must be certified to under seal by a clerk of court or other proper local official.
5. Immediately on receipt of a commission or notification of appointment the appointee will, in case of acceptance of the commission or appointment, return to The Adjutant General the oath of office on this form properly filled in, subscribed, and attested. Undersigned completed first year advanced Transportation Corps ROTC in June 1948. Upon enrolling in the ROTC in September 1948, I found that the TC ROTC unit had been deactivated. In view of this I elected to pursue the second year advanced GMC ROTC course which I will complete in June 1949. Inasmuch as my interest is centered primarily in the Transportation Corps, it is requested that I be commissioned in the TC-Reserve.

I have read paragraph 2, SR 600-220-1, 10 November 1948, and certify that I (have never) engaged in disloyal or subversive activities as defined therein.

[redacted] was contacted at the Fairbanks District Office, Bureau of Land Management (BLM), telephone number 452-4725.

b7C

[redacted] informed due to the fact that he has been employed for years as a smokejumper by the BLM, he has had a lot of curiously type interest in the famous aircraft hijacking pulled off by D. B. COOPER. His interest has been magnified from time to time due to the newspaper publicity put out on this case. His interest has been profounded even more inasmuch as he has jumped into the area where D. B. COOPER allegedly jumped with the hijack loot and the fact that the news media reports this jump would have been very hazardous and most likely D. B. COOPER was killed during the jump. [redacted] stated this latter statement by the press is total hogwash. He informed that any experienced jumper could have jumped into the area involved without suffering any injury at all. He stated during his years of experience as a smokejumper, he has jumped with hundreds of guys who could have performed this jump.

b6

[redacted] informed that during the late [redacted] and early [redacted], he worked with a smokejumper employed by BLM by the name of [redacted]. He informed they worked together in Washington State during the late [redacted] and were both assigned to the Fairbanks, Alaska district office in the early [redacted]. He stated he lost track of [redacted] during the late [redacted] when [redacted]

b3

b6

b7C

[redacted] He last saw [redacted] in 1971 at a retirement party at the smokejumper base in Washington State. [redacted] drove up in a brand new car, dressed very well, and looking quite prominent. He spoke briefly with [redacted] talked a little bit about old times, and [redacted] commented that he was doing quite well and was working at the Tacoma Navy Shipyards.

b6

[redacted] stated that [redacted] who was [redacted] of BLM at the Fairbanks District Office, and is now with BLM in Washington, D.C., had once told him that he heard [redacted]

[redacted] He and [redacted] discussed this fact and the D. B. COOPER hijacking case and between them derived that [redacted] could be reduced to D. B. COOPER. They both agreed that if [redacted] was involved in such a caper, he would be just the one to think of using this alias. He stated that [redacted] is the daredevil type and [redacted] just to prove a point of his daring to the other men.

b6
b7C

[redacted] stated that he did not go to the FBI with this information inasmuch as [redacted] stated he had discussed this with the FBI and had furnished all information regarding his knowledge of [redacted] further related to him that he had furnished [redacted] name as a possible suspect in this matter when he was interviewed by the FBI. Both he and [redacted] agreed that if there was such a thing as a statute of limitations on the crime, and [redacted] had been involved, he would brag publicly about it upon expiration of the statute of limitations. He was just that type of individual. Further, the artist conception of D. B. COOPER that was circulated just after the crime was very, very similar to [redacted] appearance.

b6
b7C

[redacted] informed that in the event [redacted] has not been checked out by the FBI and additional information might be sought regarding him, he would be able to furnish the names of other individuals who were acquainted with and had knowledge of [redacted]. One such individual who comes immediately to his mind is [redacted], who is now employed by BLM at [redacted] Winthrop, Washington.

b6

[redacted] reiterated that his reason for not coming forth with this information was as he had related; merely that it was discussed openly between himself and other people, and he was told that it had been reported to the FBI.

[REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I have been advised that I am being questioned concerning the hijacking of a Northwest Orient Airlines aircraft, Flight #305 from Portland, Or to Seattle, Washington, which occurred on 24 Nov 71.

Q: Would you relate all assignments you have had from 1970 to the present?

A: In 1970 I was assigned to the 3/8th Cav at Coleman Barracks in Mannheim, Germany, until Apr 71. From May 71 until Jul 74 I was assigned to the US Army Recruiting Station in Everett, Washington. I was the Station Commander.

Q: Did you take a leave in November 1971 while assigned in Everett?

A: No.

Q: Were you away from your station on Temporary Duty in Nov 71?

A: No.

Q: Did you ever take a leave to Canada?

A: Yes. During the summer of 1973, I took a leave to Canada. I think it was for 18 days. My mother and father-in-law were visiting from Germany, therefore I took a leave to Canada. We only stayed there about three or four days.

Q: Are you a qualified parachutist?

A: Yes.

Q: To what degree are you a parachutist?

A: I am a novice parachutist. Military only. I have not practiced sports parachute jumping. I am also jumpmaster qualified. That means I have had additional extensive training, but I am not a senior or master parachutist.

Q: Have you ever flown from Seattle, Washington to Portland, Oregon or vice versa.

A: No.

Q: Earlier when you were first informed that you were to be questioned about the hijacking between Portland and Seattle in 71, you commented something about "my friend D.B. COOPER", will you explain?

A: D.B. COOPER is not my friend. I don't even know him. I made the comment because I was in Wahki Washington when the hijacking occurred and read the newspapers reports about it. Another Sergeant who was assigned to the same station, had seen a sketch or a composite picture of the hijacker in the newspaper, the one which depicted D.B. COOPER, and told me that I looked exactly like the man portrayed in the sketch, to include the height and weight. I don't know if [REDACTED] told someone about it or not. Someone else I mean.

Q: Do you have any knowledge of the hijacking other than what was [REDACTED]

The following investigation was conducted by SA
[redacted]
at Phoenix, Arizona:

On November 21, 1979, [redacted] U. S. Probation and Parole Office, Phoenix, Arizona, furnished the following information concerning the possible identity of "D. B. COOPER," the person who hijacked a Portland to Seattle Northwest Airlines jet in 1971.

[redacted] has been supervising a parolee named WARREN DAVID SMITH, a white male, date of birth December 2, 1916, FBI Number 977-833. SMITH is an old-time bank robber whose criminal career began in 1935.

WARREN DAVID SMITH was paroled on May 10, 1978, from his latest bank robbery conviction from the Federal Detention Center at Florence, Arizona. SMITH absconded from his parole on or about September 15, 1979, while living in Mesa, Arizona.

In November, 1979, [redacted] read a recent newspaper article recalling the anniversary of the Northwest Airline hijacking in the State of Washington.

[redacted] recalled after reading the article, [redacted] which she had read and remembered the name "D. B. COOPER."

The [redacted] are dated April 3rd and April 17th respectively and were apparently received by WARREN DAVID SMITH in April, 1978, prior to his parole from the Federal Detention Center at Florence.

[redacted] told [redacted] were signed "JACK" and were written by another convict whose true name is HOWARD HUBBEL (phonetic), who uses the alias, "JACK HUBBEL."

[redacted] stated [redacted] were found in an envelope bearing the return address and name of a third prisoner, who at the time was incarcerated at Folsom Prison in California. The envelope bore the name [redacted] and also located in the same envelope was a Xerox copy of an earlier newspaper item detailing the events of the hijacking.

Being forwarded to the Minneapolis Office is one colored photograph depicting two white males, standing in front of a snowmobile, with the notation of D.B. Cooper for the individual in the brown or maroon trousers.

For the information of Seattle and Minneapolis, a letter dated 6/17/80, was received at the San Francisco Office from [redacted] from San Francisco. In this letter, [redacted] states that recently, while he was in Minneapolis to attend a high school reunion, he met a high school classmate who furnished him the above mentioned photograph. He said this individual is [redacted].

[redacted] Minneapolis, Minnesota, telephone number [redacted]. He said this individual believed that the photograph was that of D.B. Cooper. He continued that the social occasion did not lend itself to questioning [redacted] but [redacted] indicated that this individual was now in Canada.

[redacted] pointed out that [redacted] was in a very serious accident several months ago and walks with considerable difficulty with the aid of crutches. He seemed a little incoherent at times, and his wife mentioned that he had had considerable damage to his neck and head at the time of the accident. [redacted] told [redacted] that an Agent of the FBI would probably call on him at a later date regarding this matter.

Enclosed for SE is one Xerox copy of fingerprint card for Garth Hudson Dunning.

The following investigation was conducted by SC Earline M. Charles.

At Sacramento, Ca.

A check of Ca. motor vehicle registration and driver's license records, on June 30, 1980, through the Ca. Law Enforcement Telecommunication System (CLETS), failed to locate a license for Jack Farmer born 5/22/44. Records were also negative under the name Garth Dunning.

It is to be noted that records reveal numerous licenses issued to individuals by the name of Jack Farmer, however none of these individuals reside in Yuba City.

On 7/1/80, [redacted] Ca. State Bureau of Criminal Identification and Information (CII), advised that a check of their files failed to locate any record for a Jack Farmer. [redacted] made available a copy of a fingerprint card showing a Garth Hudson Dunning, age 23, applying for a teacher's license in 1951.

On 6/19/80, [REDACTED] and currently
residing at [REDACTED] Fairbanks, Alaska, telephone
[REDACTED], contacted SA [REDACTED] at the Fairbanks Resident
Agency. [REDACTED] advised that he had information which he believed
pertains to captioned matter. He advised that approximately one
year after instant hijacking, he sent a letter to the Portland
Office of the FBI suggesting that he may have positive information
in this matter. He advised he was never contacted regarding this
letter and he subsequently wrote a second letter during 1980,
shortly after money, believed to be ransom money in this case,
was found in the Columbia River near Portland, Oregon.

[REDACTED] advised that he has also not received an answer
to the above letter.

b6

[REDACTED] then explained that during 1971, he was a newspaper

on his paper route was the [REDACTED] apartment building located
at [REDACTED] Fairbanks, Alaska. [REDACTED] of
that apartment building was occupied by a [REDACTED] who he

[redacted] advised he had numerous conversations over a six month period with [redacted] and determined that [redacted] expressed an avid interest in flying and parachuting. [redacted] also discussed Vietnam as though he had been involved in that conflict. [redacted] never mentioned a family and resided alone. [redacted] recalled that [redacted] generally kept to himself and had few, if any, visitors.

[redacted] recalled that [redacted] was a subscriber to the newspaper from approximately 5/2/71 - approximately 11/20/71. He further recalled that [redacted] moved from his apartment on approximately 11/24/71, indicating that he was traveling to the Los Angeles, California, area to become the [redacted] of the Woolworth store there.

[redacted] recalled that approximately one or two days after [redacted] left Fairbanks, Alaska, he recalled seeing the news accounts concerning captioned hijacking. He recalled a strong resemblance between the composite drawings of captioned Unsub and [redacted]. He advised that he immediately formed the opinion that [redacted] could have been D.B. Cooper; however, as a juvenile, he was so intrigued by the possibility that this crime could be conducted successfully that he chose not to contact anyone about his suspicions.

Approximately one year after the crime he decided that he should make known his beliefs and he wrote his first letter to the FBI. When he did not receive an answer to this letter he assumed that the matter was resolved without needing to contact him and did not consider the matter further. His interest was again aroused when he saw news accounts regarding the recovery of money connected to this case. At that time, he wrote a second letter to the FBI concerning his suspicions.

[redacted] advised that he also became concerned that records for [redacted] might be destroyed with age. Based on this concern he contacted [redacted] who own and operate the apartment building at [redacted], which was known as [redacted] apartments during 1971. [redacted] owned the building at that time also; however, have since changed the name of the building. [redacted] advised he was allowed to search rental receipts for the building and was successful in locating the three enclosed receipts for May, July, and October, 1971, in the

name of [REDACTED] Two of these receipts show a middle initial which appears to be [REDACTED] advised he was unable to locate the other rental receipts for [REDACTED] however, did locate a rental receipt dated 11/22/71 in the name of [REDACTED] showing that a deposit was made on [REDACTED]. He explained that this would indicate that [REDACTED] moved into that unit some time on or shortly after 11/22/71. He explained that he recalled that [REDACTED] did not actually leave the apartment until approximately one or two days before Thanksgiving, 1971. [REDACTED] advised he also found a rental receipt dated 4/5/71, in the name of [REDACTED] indicating that [REDACTED] was the occupant of [REDACTED] during April, 1971.

b6
b7C

[REDACTED] advised that [REDACTED] told him he could keep these rental receipts and he was, therefore, furnishing them to the FBI, without any desire to receive them back.

b6
b7C

[REDACTED] advised he could furnish no additional descriptive information regarding [REDACTED] and was only furnishing this information to relieve his own mind.

b6
b7C

On 6/20/80, teletype inquiry with the Alaska Department of Motor Vehicles determined that there is no record for a [REDACTED] with an address of [REDACTED] Fairbanks, Alaska. It was determined that drivers' license records are routinely purged every five years.

b6
b7C

On 6/20/80, the records of the Fairbanks Police Department and the Alaska State Troopers, Fairbanks, Alaska, were negative for [REDACTED] Fairbanks, Alaska.

b6

On 6/20/80, the records of the Interior Credit Bureau, 910 College Road, Fairbanks, Alaska, failed to reflect a reference identifiable with [REDACTED] [REDACTED], Fairbanks, Alaska. It was determined that the records are routinely destroyed after five years of inactivity.

b6

On 6/20/80, [REDACTED] F.W. Woolworth Company, 302 Cushman Street, Fairbanks, Alaska, telephone [REDACTED] advised that a review of store records back to 1970 (records have been destroyed prior to that) fails to reflect any reference to a [REDACTED] having been employed at the store as an [REDACTED] or in any other capacity. [REDACTED] further advised that he came to the Fairbanks store during 1977 from the Los Angeles area where he served as the [REDACTED] of the Panorama City, California, Woolworth store for [REDACTED] He advised he was never familiar with a [REDACTED] who served as an [REDACTED]

[redacted] further advised that the national headquarters for F.W. Woolworth Company are located in the Woolworth Building on Broadway, New York, New York. He emphasized, however, that the company headquarters would not have any personnel records as these are maintained in the individual store where the employee is assigned.

[redacted] further advised that [redacted] a Fairbanks area resident, had also made recent inquiry regarding [redacted]. At that time, one of the senior store employees believed that she recalled someone by the name of [redacted] at the store. The employee was not certain whether or not the name she was thinking about was actually [redacted] or a similar name. She recalled that the person she was referring to was also associated in some way with the University of Alaska.

b6

On 6/23/80, [redacted] University of Alaska, Fairbanks, telephone [redacted] advised that a review of University of Alaska employee and student records failed to reflect any reference identifiable with [redacted] or [redacted] Fairbanks, Alaska.

At Incline Village, Nevada

Records of the Washoe County Sheriff's Office (WCSO), Incline Village Substation, reflected that Garth Hudson Dunning applied for a work permit on August 28, 1963, stating his employment as a dealer at the Tahoe Nugget, located in Crystal Bay, Nevada. Dunning furnished a residence address of 1293 Marion Avenue, Chico, California, and Ridgeway Street, Carnelia Bay, California. He was assigned WCSO #A07970. On August 8, 1969, Dunning was reported as a possible drowning victim, WCSO case number 51423.

Records located at WCSO, Incline Village Substation, reflected that Jack Scott Farmer applied for a work permit on May 31, 1968, listing his employment as a "change person" at the Nevada Lodge. He was assigned WCSO number A18825. He furnished addresses of General Delivery, Tahoe City, 591 Cassidy, Yuba City, California, and Ridgeway Street, Carnelia Bay, California. The record reflects that on June 9, 1969, he re-applied for a permit as a dealer at the Nevada Lodge, and on August 6, 1969, was listed as a drowning victim, WCSO case number 51423.

A review of these records for the name of [redacted] proved negative.

Detective [redacted] WCSO, advised that all further records concerning the drowning would be available at the WCSO, Reno, Nevada.

At Carson City, Nevada

Records available at the Nevada State Gaming Control Board, as furnished by Agent [redacted] reflect that Garth Hudson Dunning, 55 St. Francis Drive, Chico, California, applied for work as a dealer at the Sahara Tahoe Hotel and Casino on July 25, 1966. He was later employed as a dealer at Barney's Club, Stateline, Nevada from July 11, 1968 through July 30, 1969. For the information of the Bureau and receiving offices, the Application for Work Card filled out by Jack Scott Farmer at Reno, Nevada, on 5/31/68, reflects that Farmer apparently utilized an alias of Jack Scott Ponticelli. He, also, listed as arrest in 1965 for "Possession" by the El Dorado County Sheriff's Office, apparently at Tahoe City, California. This arrest may have been for possession of an illegal substance, as Farmer received probation and a fine which he listed as a disposition. Due to the illegible copy received, further information concerning this arrest and use of the aka could not be determined.

The Bureau is requested to search the Identification Division files for a fingerprint card of Jack Scott Ponticelli which may be identical to Farmer.

THE CRIME

On November 24, 1971, a lone white male boarded Northwest Orient Flight #305 at Portland, Oregon. At approximately 3:22 P.M., while the flight was en route to Seattle, Washington, he indicated to the stewardess that his brief case contained a bomb which would blow up the plane unless his demands were met.

The hijacker demanded \$200,000 and four parachutes in exchange for the safety of the 36 passengers aboard the plane. When the aircraft landed at Seattle, Washington, Northwest Orient Airlines complied with his instructions. After he received the parachutes and the money, the hijacker allowed all passengers and two airline stewardesses to deplane.

He then ordered the remaining crew members into the first-class section of the aircraft and informed them he desired to fly to Mexico City. The hijacker instructed that the plane proceed in a southerly direction and fly at a low altitude and slow speed which would enable the rear door of the plane (Boeing 727) to be opened during the flight.

The hijacker apparently bailed out somewhere between Seattle, Washington, and Reno, Nevada, where the plane landed to refuel. It was determined the hijacker, two parachutes, and the ransom money had disappeared when the plane was inspected at Reno, Nevada.

Artist conception drawings of the aircraft hijacker were prepared by the FBI Exhibit Section and are considered a reasonable likeness. The black and white composites were prepared initially and sometime later the color composites were prepared to depict the hijacker's complexion and age more graphically.

The hijacker is described as follows:

Race	White
Sex	Male
Age	Mid 40's
Height	5'10" to 6'
Weight	170 to 180 lbs.
Complexion	Olive, Latin appearance, medium smooth
Hair	Dark brown or black, parted on the left combed back
Eyes	Possibly brown, during later part of flight the hijacker put on dark wrap-around sunglasses with dark rims
Voice	Low, spoke intelligently, no particular accent
Characteristics	Smoked Raleigh filters type cigarettes
Wearing Apparel	Black or brown suit; narrow black tie (clip on type); black rain type overcoat or dark top coat; dark briefcase or attache case; carried a paper bag - 4 x 12 x 14 inches; brown shoes

CRIME ABOARD AIRCRAFT -- HIJACKING;
INTERFERENCE WITH FLIGHT CREW MEMBERS

Synopsis: On April 7, 1972, an individual boarded United Air Lines (UAL) Flight 855, a Boeing 727 from Newark, New Jersey, to Los Angeles, California, at Denver, Colorado. Approximately 15 to 20 minutes after take off, the individual was observed to be holding a hand grenade and a gun. The stewardess delivered messages of instruction to the pilot. Instructions included diverting airplane to San Francisco, California, where UAL was suppose to have \$500,000 in cash and four parachutes available. Instruction envelope contained one hand grenade pin and a bullet. Aircraft landed at San Francisco where the hijacker's demands were met. All passengers and part of crew were permitted to deplane. The pilot was then ordered to take off immediately. The pilot felt a slight surge of the airplane in the vicinity of the Provo, Utah, Airport and thought the hijacker must have jumped out. Information was received that a possible suspect in the case might be Richard Floyd Mc Coy, Jr. Mc Coy was positively identified as the hijacker through handwriting comparisons and fingerprints located on UAL "Mainliner Magazine" found in seat occupied by hijacker. Mc Coy was arrested on April 9, 1972, after being charged in a complaint with violation of Section 1472(i)(1), Title 49, U. S. Code, Aircraft Piracy, and Section 1472(j), Title 49, U. S. Code, Interfering With Flight Attendant. On July 10, 1972, Mc Coy appeared in U. S. District Court and was sentenced to a period of 45 years in the custody of the Attorney General.

RICHARD FLOYD MC COY, JR.
CRIME ABOARD AIRCRAFT - HIJACKING;
INTERFERENCE WITH FLIGHT CREW MEMBERS

On April 7, 1972, United Air Lines Flight 855, a Boeing 727 en route from Newark, New Jersey, to Los Angeles, California, via Denver, Colorado, had just completed a routine stop at Denver and was once again in flight.

Approximately 20 minutes after take off, an unidentified man was observed to be holding a hand grenade and a gun. He sent the grenade pin and a bullet to the pilot with instructions that the plane be diverted to San Francisco, California. The stewardess was the messenger, and on numerous occasions instructions were sent from the hijacker to the pilot.

The pilot was instructed to land at the San Francisco International Airport and to park at Runway 19-Left, along with specific instructions as to refueling the aircraft and distance that all vehicles should be kept from the aircraft. The instructions also demanded \$500,000 and four parachutes and that all notes be returned to the hijacker.

After considering the safety of the passengers, crew and airplane, United Air Lines decided to meet the hijacker's demands. Two flight bags were filled with cash and were delivered to the hijacker, along with the parachutes he had demanded.

After the hijacker had determined the money and other items had been properly prepared, he permitted the passengers and part of the crew to deplane.

The pilot was then instructed to taxi to the active runway and take off. They were to head east and climb to 14,000 feet. The cabin was to be depressurized and the pilot was to fly to predesignated locations. The instructions from the hijacker began to take on the appearance of flight plans and they were delivered with increasing frequency, still using the stewardess as the messenger.

The hijacker covered the peephole from the cockpit into the cabin and then began to change clothes into a jump-suit, helmet, boots and parachute, which he did with the ease that comes with long hours of practice. Following these preparations, instructions were given that he be kept advised as to ground speed, flight speeds, wind speeds, altimeter settings and sky conditions. His last instructions were to go to Fairfield, Utah, Price and Grand Junction, after that he was not seen again. The pilot felt a slight surge of the airplane in the vicinity of the Provo, Utah, Airport, and thought the hijacker had jumped, so he sent the stewardess into the passenger compartment to verify his departure.

After the After having determined the hijacker had actually left the airplane, the pilot then returned to the Salt Lake City International Airport, where the airplane was examined and searched for evidence. The evidence located contained some items that would later be very important in the positive identification of the hijacker. Included in the evidence was a copy of United Air Lines "Mainliner Magazine"; which was located in the seat occupied by the hijacker, and also found was a hand printed note from the hijacker which read as follows: "Everybody off now except the stewardesses. They stay put. Get the hell off the GD. Be quick about it -- use this runway." The above items, along with all of the items of evidence, were submitted to the FBI Laboratory in Washington, D.C., for examination. It was never determined as to exactly what happened in the vicinity of the Provo, Utah, Airport because it was felt the hijacker had bailed out in that area. It was there that the only casualty of the case occurred. It was approximately 2:00 a.m. on April 8, 1972, and Special Agents of the FBI, working together with Provo City Police, Utah County Sheriff's Office and Sheriff's Posse lined up approximately 20 to 30 yards apart and began combing

After having determined the hijacker had entered the area. The airport area was badly overgrown with weeds and made a perfect hiding place for pheasants and other small animals. One of the FBI Agents, after having had several pheasants fly up from under his feet, heard the brush in front of him rustling. He turned his flashlight on just in time to see the back end of a skunk. The skunk, being a good shot, made a direct hit, putting the Agent out of commission.

Located in the Salt Lake City area, the FBI agents were unable to find either the hijacker, his parachute nor the extortion money had been located. It was then that a telephone call came into the Salt Lake City Office of the FBI. The caller advised he had an acquaintance who on several occasions had talked of the perfect plan for hijacking an airplane. This caller advised that his friend was Richard Floyd Mc Coy, Jr., who was a Vietnam veteran, a helicopter pilot and an avid sky diver. Mc Coy was reportedly a member of the Utah Air National Guard and a student at the Brigham Young University, where he was studying police science.

Coincidentally, the "perfect hijacking plan" discussed by Mc Coy was almost identical to the plan implemented by the hijacker in this instance.

Following the suggestion of the name Richard Floyd Mc Coy, Jr., as a suspect in this matter, the St. Louis Division of the FBI was telephonically contacted and was requested to

cause an immediate search of any Army records under Mc Coy's name in an effort to locate any hand printing and handwriting of Mc Coy. This was done and the writing samples were forwarded to the FBI Laboratory in Washington, D. C.

At this point, it was felt an interview of Mc Coy might prove beneficial. Mc Coy was located and interviewed at the Army Operations Center at the Salt Lake City Airport and during the interview he denied any participation in or knowledge of the hijacking. He did, however, furnish the interviewing Agents with a sample of his hand printing. The message "Everybody off now except the stewardesses. They stay put. Get the hell off the GD. Be quick about it -- use this runway" was dictated to him and he printed it. This message was sent to the FBI Laboratory in Washington for comparison with the message found on the airplane. Mc Coy continued to claim innocence as was released.

Meanwhile, the Laboratory in Washington had been busy with the evidence they had already received. An expert in handwriting had compared the note found on the airplane with Mc Coy's known writing samples which had been obtained from military service records. It was determined that Mc Coy had written the note. Fingerprint experts had compared latent prints with Mc Coy's fingerprints and it was determined that a print on the "Mainliner Magazine" in the seat occupied by the hijacker was made by Mc Coy.

On April 9, 1972, a complaint was filed charging Richard Floyd Mc Coy, Jr. with violation of Section 1472(i)(1), Title 49, United States Code, Aircraft Piracy, and Section 1472(j), Title 49, United States Code, Interference With Flight Attendant.

Mc Coy was arrested on April 9, 1972, but he refused to discuss the hijacking. Following his arrest, a search warrant was issued and his house was searched. The following are some of the items found during the search:

1. One parachute, blue and white with red trim.
2. One black helmet, crash type, with white strap snap on back.
3. One large cardboard box containing various items of clothing, a pistol, holster and a black glove.
4. A military pineapple-type grenade, green and yellow in color, with the pin and spoon removed.
5. United States currency totaling \$499,970.

On July 10, 1972, Richard Floyd Mc Coy, Jr. appeared in United States District Court and was sentenced to a period of 45 years in the custody of the Attorney General.

RICHARD FLOYD MC COY, JR.
CRIME ABOARD AIRCRAFT -- HIJACKING;
INTERFERENCE WITH FLIGHT CREW MEMBERS

Synopsis: On April 7, 1972, an individual boarded United Air Lines (UAL) Flight 855, a Boeing 727 from Newark, New Jersey, to Los Angeles, California, at Denver, Colorado. Approximately 15 to 20 minutes after take off, the individual was observed to be holding a hand grenade and a gun. The stewardess delivered messages of instruction to the pilot. Instructions included diverting airplane to San Francisco, California, where UAL was suppose to have \$500,000 in cash and four parachutes available. Instruction envelope contained one hand grenade pin and a bullet. Aircraft landed at San Francisco where the hijacker's demands were met. All passengers and part of crew were permitted to deplane. The pilot was then ordered to take off immediately. The pilot felt a slight surge of the airplane in the vicinity of the Provo, Utah, Airport and thought the hijacker must have jumped out. Information was received that a possible suspect in the case might be Richard Floyd Mc Coy, Jr. Mc Coy was positively identified as the hijacker through handwriting comparisons and fingerprints located on UAL "Mainliner Magazine" found in seat occupied by hijacker. Mc Coy was arrested on April 9, 1972, after being charged in a complaint with violation of Section 1472(i)(1), Title 49, U. S. Code, Aircraft Piracy, and Section 1472(j), Title 49, U. S. Code, Interfering With Flight Attendant. On July 10, 1972, Mc Coy appeared in U. S. District Court and was sentenced to a period of 45 years in the custody of the Attorney General.

VIRGINIA BEACH (AP) — Richard Floyd McCoy and Melvin Dale Walker kept to themselves when they were staying in the ranch-style house they rented in a peaceful subdivision here.

Neighbors had little contact with the two, except for an occasional passing greeting or a friendly wave as McCoy jogged through the neighborhood. One of the men once offered to help fix a neighbor's car.

Then late Saturday night, FBI agents swooped down on the rented house after three days of surveillance. Shots were fired. McCoy was killed and Walker arrested.

'THEY SEEMED SO NICE'

"I just can't believe it. They seemed so nice," said one neighbor after discovering that McCoy was a convicted skyjacker who once bailed out of a jetliner with \$500,000 ransom and that Walker was a bank robber on the FBI's 10-mostwanted list.

across the street on the second floor of a two-story home when McCoy and Walker came home about 11:30 p.m. Saturday.

EX-GREEN BERET

McCoy, 31, a former Sunday school teacher and Green Beret who flew a helicopter in Vietnam, went to the front door of the house. Walker drove away, apparently to survey the neighborhood.

"McCoy opened the front door and at that point an agent inside identified himself and told him to hold it and then to come in," said FBI spokesman John Coneyeys.

"After about a split second, he pulled his revolver," Coneyeys said. "He got one shot off, and the agent returned fire. It blasted him right out the front door."

McCoy's single shot missed the agent and imbedded itself in a wall. Coneyeys said McCoy was hit once by a shotgun blast.

WEAPONS IN CAR

Outside, Walker was just returning to the house when the shooting started, Coneyeys said. Walker, who had been added to the 10-most-wanted list less than a month ago, sped away, but was arrested minutes later.

"Two units pulled him over at gunpoint," Coneyeys said. "He had two loaded weapons in the car, but he chose to surrender."

Walker, 35, was taken to the Portsmouth jail to await arraignment today.

McCoy had been a Mormon Sunday school teacher and had attended Brigham Young University as a law enforcement major before becoming a Green Beret.

45-YEAR SENTENCE

But in April 1972, armed with a grenade, McCoy took over a United Air Lines 727 shortly after the plane had left Denver for Los Angeles. The flight was diverted to San Francisco, where passengers were allowed to leave and \$500,000 in ransom and parachutes were placed aboard.

McCoy bailed out near Provo, Utah. He was arrested at his home in Provo three days later and all but \$30 of the money was recovered. He was sentenced to 45 years in prison.

McCoy and Walker, along with two other inmates, fled from the federal prison at Lewisburg, Pa., on Aug. 10, smashing to freedom through two chain link fences in a commandeered garbage truck despite a deluge of bullets. The other two escapees were recaptured a short time later.

Both McCoy and Walker had been named in one federal bank robbery warrant involving a \$15,000 holdup in the eastern North Carolina town of Pollocksville, — and agents indicated Walker may be charged with other bank robberies.

Dear [REDACTED]

This letter will confirm in writing a telephone conversation between you and Special Agent [REDACTED] on August 6, 1980. Furthermore, this letter is in regards to a letter from the Seattle Division of the Federal Bureau of Investigation to you, dated June 18, 1980, which concerned the "D. B. Cooper" hijacking case.

On July 29, 1980, the Seattle FBI Office received from you a set of inked fingerprints (right and left thumb) of one Jack Scott Farmer, Date of Birth May 22, 1944. These fingerprints were forwarded to the Identification Division of the FBI at Washington, D. C., and were compared with the latent fingerprints located on the skyjacked aircraft. On August 6, 1980, the Identification Division telephonically contacted the Seattle Division to advise that the comparison had been completed and that the prints of Farmer do not match the latent fingerprints from the aircraft.

The original fingerprints which you provided the FBI will be returned to you by separate communication. Your assistance in this investigation is greatly appreciated.

Very truly yours,

Also, when the mechanics of the alleged jump were discussed, [redacted] stated that the jump was certainly possible, that the speed of the plane and the altitude of it would be no factor. [redacted] advised, when he was told by the interviewing agent of his similarity to Cooper, that he is not Cooper and that he had been no farther West than Iowa. He did admit, however, to considerable travel, including flying to various places, but mostly, he said, East of the Mississippi. He said that he once had a passport to Newfoundland, and, more recently, he said he made an application for a passport to Saudi Arabia.

[redacted] Charlottesville, Virginia, was shown four artists' composites, two black and white and two colored, depicting the individual known as D. B. Cooper who skyjacked Northwest Orient Flight Number 305 on November 24, 1971. [redacted] viewed the four artists' composites and stated in her judgment, the black and white artist's composite without the sunglasses looks just like [redacted] John Scott Maze, who died of a heart attack in November, 1974, in Scottsdale, Arizona, at the age of 59.

She noted in addition to the information she furnished to the Federal Bureau of Investigation, Charlottesville, Virginia, on April 11, 1980, John Scott Maze did smoke cigarettes of the filter type but she could not recall the brand.

She also noted he was always extremely polite, even to her whom he did not care for at all.

She noted the composite she identified as looking just like John Scott Maze, looked like him without the "David Niven" type mustache he always wore.

She also recalled he always talked at a low modulation as he had an aversion towards loud noise. She added, she talks loud and that was one of the things Maze did not like about her.

[redacted] advised she has papers and photographs stored away and if she locates anything which would be of further value to the Federal Bureau of Investigation concerning Maze, she will contact the interviewing Agent and furnish it to him.

In conclusion she stated in her judgment, the composite picture she identified is a picture of John Scott Maze, and Maze's complexion was even more tan than the complexion depicted in the colored composites when she last saw Maze in person in 1972.

[redacted] Charlotteville, Virginia,
telephone number [redacted] furnished the following information relating to the D. B. Cooper Skyjacking case under investigation by the Federal Bureau of Investigation (FBI).

b6
b7C

[redacted] viewed a television program entitled "In Search Of" which is broadcast weekly on Sunday nights. She noted one of the recent broadcasts reviewed the D.B. Cooper Skyjacking case and in the presentation a composite picture of Cooper, made from information furnished by witnesses was displayed.

b6
b7C

[redacted] stated the composite picture was without question in her mind a picture of [redacted] John Scott Maze, who died in Scottsdale, Arizona, of a heart attack, in November, 1974.

b6
b7C

[redacted] related she was [redacted] and whom [redacted] she believes is currently residing with [redacted] Tempe, Arizona, [redacted] [redacted] John Scott Maze.

b6
b7C

[redacted] related John Scott Maze, at the time of his death, resided in a trailer home at 1149 North 92nd Street, Scottsdale, Arizona. She noted that John Scott Maze had been employed by AiResearch, Phoenix, Arizona, as an engineer for twenty years prior to being fired in the middle 1960's for being an alcoholic.

b6
b7C

She continued after he was fired, he never held any meaningful employment to her knowledge up to his death. She added after he was fired, he used to disappear for two or three months at a time and just go out into the wilderness of Oregon and the state of Washington to be by himself.

She noted he was a "real loner" and had as little to do with other people as he could.

She further stated he knew airplanes inside and out and could fly. She advised he did fly various kinds of aircraft although she did not know if he had a flying license of any kind. She added he could fly a helicopter, and on one occasion when he read about a bank robber being arrested for a robbery, he explained what the robber did wrong and how he would have done it.

She noted he stated he would have used a helicopter to make his escape after the robbery.

[redacted] also stated in 1967 or 1968, Maze spent a year in San Diego during which time he took sky diving lessons. She was unable to furnish the address where Maze resided during that year, but she noted [redacted] who currently resides in Phoenix, Arizona, visited Maze in San Diego during that time and she would know.

[redacted] continued, Maze had received a less than honorable discharge from the United States Army during World War II for being a "neurotic".

[redacted] related that in 1970, Maze made a down payment on a hotel in the southern section of the state of Washington, near the state border. She could not recall the name of the town where the hotel was located but did recall it was a small town and the town had the same name as a city located in Arizona.

She continued, in 1972, Maze paid off the debt owed on the hotel and he later sold it prior to his death. She noted the person or persons who bought the hotel are currently making payments on the debt to Maze's estate for which [redacted] [redacted] who resides in Phoenix, Arizona, collects the payments and distributes the payments among [redacted]

[redacted] added, Maze did not have any savings or means of income and it puzzled members of the family as to how Maze could purchase the hotel and live so well.

She noted he bought expensive clothes, jewelry, etc., and always had new vehicles, including campers, which he used when he went off into the wilderness of Oregon and Washington. [redacted] noted Maze also owned some property in Florida and Arizona.

b6
b7C

She added when he was fired from AiResearch in the early 1960's, he did not have any savings or assets and there was not any family wealth.

[redacted] further related that in 1972, Maze visited [redacted] in Charlottesville, Virginia, at which time he had a new Chevrolet Elcamino pickup truck with a sleeping camper on the back. She emphasized Maze was an avid camper at home and in the wilderness by himself.

b6
b7C

She also related Maze exercised and took care of his health, having quit drinking for approximately eight years. She noted in 1972, although approximately 57 years of age, he looked about 35 years old in appearance. She added, he did not have any age wrinkles but did have some small "laugh wrinkles at the corner of his eyes" which were not real prominent.

She described him as follows:

Complexion	Tan
Height	Approximately 5 feet 10 inches to 5 feet 11 inches
Weight	Approximately 165 pounds
Hair	Full head of dark brown hair which was fine in texture
Eyes	Blue

[redacted] continued in appearance Maze looked like "a young David Niven", the movie star, and wore a mustache like Niven. She added, Maze was a secretive and very methodical person who never did anything impulsively. She explained if Maze was going to buy a vehicle, he took several months to decide on which vehicle to buy and he would even go so far as to study the vehicle on blueprint, test run it, and check it over completely before deciding.

b6
b7C

RH 164-167

She added he always thought things out completely before acting. In her judgment Maze was extremely intelligent and could do anything he set his mind to do.

[redacted] also related when Maze [redacted]
Charlottesville, Virginia, in 1972, he would not sleep in a bed,
and he slept on the floor in the bedroom made available to him.

b6
b7C

She added, Maze was born in Kane, Pennsylvania, in September, 1915, where he was raised by a mother and a grandmother after the death of his father when he was very young.

[redacted]
 was contacted at his residence, [redacted] at which time he provided the following information:

b7c

Sometime during the last week of August, 1980 or the first week of September, 1980 he observed a television program entitled "In Search Of" and it probably was on a weekend when the program was broadcast on local television. The program consisted of a review of an airplane hijacking that occurred between Portland, Oregon and Seattle, Washington in approximately November, 1971. The name of the individual involved in the hijacking was D. B. COOPER and during the program a composite drawing of D. B. COOPER was shown.

Immediately upon viewing the composite drawing of D. B. COOPER it reminded him of an individual he had served with on active duty in the United States Marine Corps. In the past he had seen numerous newspaper articles and television programs concerning the hijacking case but had never seen a composite drawing of D. B. COOPER.

Immediately upon seeing the composite drawing of D. B. COOPER, he began looking through a photo album of the 251st Marine Fighter Squadron that he had served with. On page [redacted] of the photo album he located a photograph of a [redacted] who is very similar in appearances to the composite drawing of D. B. COOPER shown on the television program. He subsequently obtained a copy of a paperback book entitled "Great Unsolved Crimes" from the public library in Sidney, Montana. The book is published by Scholastic Book Services, New York City, and was written by LOUIS SOLOMON. Page four of the book contains a composite drawing of D. B. COOPER with sun glasses and is also very similar in appearances with the [redacted] who served with the 251st Marine Fighter

Squadron. Further examination of the composite drawing of D. B. COOPER and the photograph of [] with [] disclosed that they are very similar in appearances.

[] explained that although he vividly recalls [] he is unable to recall his first name or any specific background information concerning him. He only recalls that [] was from a large city, appeared to be a very intelligent person, and was always very calm and confident in his work. The only really close contact he had with [] was on one occasion in Hong Kong when they and several others from the squadron went to a bar. There were several British soldiers and sailors in the bar when [].

[] When several of the British soldiers and sailors appeared ready to fight [] because of his remark, [] and no fight resulted.

[] further explained that he was on active duty with the United States Marine Corps from []. He does not recall [] having been in his basic training unit but does recall that [] was assigned to the 251st Marine Fighter Squadron about the same time that he was in the latter part of [].

The 251st Marine Fighter Squadron was originally stationed at the Marine Air Base, El Toro, California, prior to being transferred to Hawaii in about October, 1959. In November, 1959 they were stationed at Atsugi, Japan for several months before being stationed at the Cubi Point Naval Air Station, Luzon, Philippines. They subsequently served on board the aircraft carriers USS Midway, USS Oriskany, and USS Ranger before returning to the United States in January, 1961.

The photo album of the 251st Marine Fighter Squadron containing a photograph of [REDACTED] was published in approximately [REDACTED] by the DAITO ART PRINTING COMPANY, Ltd., 19.2 Chrome, Shintomi-cho, Chuo-ku, Tokyo, Japan, and it is [REDACTED] belief that the number of copies in existence is very limited.

b6
b7C

[REDACTED] noted that the photo album indicates and it is his recollection that [REDACTED] was assigned to the Para-Loft (Safety and Survival Section) of the 251st Marine Fighter Squadron. Members of this section were experts on maintenance of fighter plane ejections systems, parachute packing, survival equipment and training. As he recalls, all of them were experts in sky diving and rescue operations at sea and on land.

b7C

According to [REDACTED] he is unable to recall the names and background of the members of the Para-Loft Section or identify any close associates of [REDACTED] however, the photo album contains photographs of the following listed individuals who served in the Para-Loft Section with [REDACTED]

Copies were made of the photograph of [redacted] as it appears on page [redacted] of the 251st Marine Fighter Squadron photo album and the album was left in the possession of [redacted]. [redacted] stated he is sure that [redacted] and other members of the 251st Marine Fighter Squadron can be further identified through U. S. Marine Corps records, however, he will make the photo album available to the Federal Bureau of Investigation at any time it is felt that it is needed. He is also aware that some of the individuals assigned to the 251st Marine Fighter Squadron at the same time he was, are now deceased and he could possibly assist in identifying these individuals.
